This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

## ZERO OZONE CERTIFICATION REPORT

### SECTION 6 Program Requirements

1. Confirmation testing; a product must be tested:
  - a. Whenever a product is being updated on any of the reports listed in Section 5 Testing Results section of this report which may include: critical component updates, manufacturing location change or addition, or quality process changes.
  - b. Or, every 3 years when no above circumstance has been met.
2. Annual surveillance:
  - a. The program will issue certificates for a period of 1 year from the date testing was complete. Certificates will be updated annually once the client has verified nothing has changed on the product as outlined in point 1 above.
  - b. A proposal will be issued to updated and re issue the new certificates. Certification fees will apply.
3. Every product certified is to have a valid ETL certification (or equivalent)
4. Certification and Certification marks are only for products sold in the United States and Canada. Intertek assumes no liability for products marketed as compliant with UL 2998 outside of those markets.

## ZERO OZONE CERTIFICATION REPORT

### SECTION 7 Conclusion

<p>Representative samples of the products covered by this report have been evaluated and found to comply with the applicable requirements of the standards indicated above.</p> <p>Please note, this Report does not represent authorization for the applicant or manufacturer to apply Intertek Certification Marks.</p>
